

Mr K Arrowsmith

08/01/2007

Dear Mr Arrowsmith

RE: 184 Languard Road, Southsea.

This is to confirm that renovation works started on the above property on 2nd September 2006 and works are expected to finish at the end of January 2007.

From the start of the job the property has been uninhabitable due to the bathroom and kitchen being totally ripped out and the electrical and heating systems also being inoperative.

The new kitchen, bathroom, central heating and electrical systems will be installed and operational by the 26th January 2007

Yours sincerely

Gary Smith
